

## **Glenn F. (Rick) Huff**

Adjunct Associate Professor for Geological Sciences Department, New Mexico State University, Las Cruces, New Mexico 88003

Office: 505-646-7950

Email: ghuff@usgs.gov

### **Education**

1993 Ph.D. Geology, Louisiana State University  
1984 M.S. Geophysical Science, Georgia Institute of Technology  
1980 B.S. Geology, West Georgia College

### **Professional Experience**

1984-1986 Cities Service Oil and Gas Co.  
1986 - present U.S. Geological Survey  
1994 - present New Mexico State University (Adjunct Associate Professor)

### **Primary Research Interests**

Geohydrology and geochemistry of sedimentary brines and saline ground water; desalination; low-temperature aqueous geochemistry; subsurface solute transport environmental geology

### **Professional Activities and Honors (last 6 years)**

2002-2004 Executive Committee Member National Research Center for Desalination of Brackish Groundwater  
2000–Current Member, New Mexico Geological Society  
2004, 2005 DOI STAR award
