I: For a General Audience

The first section of the Subaward Manual contains information for all audiences.

Overview of the Subaward Module

Streamlyne’s Subaward Module is designed to track detailed information on outgoing subawards to ensure compliance with sponsor and institutional requirements. It includes the ability to track pass-through entity and subrecipient contacts as well as the history of funds released and the anticipated amount to be funded. It provides for the collection of data necessary to populate FDP subaward templates and the ability to generate FDP Subaward Agreements and Modifications.
Using This Guide

Please keep the following things in mind as you use this guide:

A Stepwise Approach

These guides are designed to facilitate immediate productivity for new users in a complex and unfamiliar system. To achieve this end, the processes are broken down into manageable sections with the steps to each process laid out sequentially.

By practicing the steps and experimenting in the application at the detail level, you will gain the knowledge you need to master your role or design high-level processes that meet your institution's unique needs.

Navigation and Common Elements

This guide assumes you are familiar with the common features and basic navigation as presented in the NEW USER MANUAL: Navigation, the Action List, and Common Document Elements. Please use that manual as a companion to this one, as we have tried to eliminate redundancy wherever possible.

Every Installation Is Different

Streamlyne Research is highly configurable. If you are currently in the implementation process, it is likely your institution will perform some level of analysis to identify which features you would like to use, which values you would like to change to reflect your institution's terminology, and which features you will skip altogether.

Given this, the processes detailed in this document are representative of general Subaward practices and do not necessarily represent the exact manner in which your institution will choose to use the application.

Let's begin!
Searching with the Subawards Lookup

To assist you in locating Subawards within Streamlyne Research, Post-Award search windows, called lookups, are available from the Main Menu. Access to these lookups depends on the Post-Award and Subaward roles assigned to you in your Person record or user profile. Typically, only central office or departmental administrators at an institution will have the necessary permissions to access Subawards. Those with specific Subaward Administrator responsibilities will be able to create and edit Subaward documents, while other administrators may only have the ability to view Subaward documents based on your institution’s particular configuration.

To search for items using the Subawards Lookup, simply navigate from the Main Menu as indicated. Results will be displayed at the bottom of the page. If you wish to refine these results, enter further criteria in the Lookup fields and click the Search button.

Subawards

This lookup will generate a list of all final Subaward documents. If you are a central office or departmental administrator, but do not have permissions as a Subaward Administrator, you may only have view access to Subaward documents.
II. For Subaward Administrators

This section provides a step-by-step guide to create, edit, and finalize a Subaward document, including the preparation of appropriate FDP Subaward Agreements and Modifications, in Streamlyne Research.
Creating a New Subaward

This section will describe the steps to initiate and submit a new Subaward document in Streamlyne Research. Subaward Administrators in the central office or within departments typically perform this function. If you will be initiating and submitting Subaward documents, use this section to begin using the Subaward module productively.

If your role does not require you to initiate and submit Subaward documents, use this section to familiarize yourself with the entire process in order to effectively reference these important records as needed in your day-to-day activities.

Initiating a New Subaward

If your goal is to quickly enter and save a Subaward for later editing, be sure to have the following information available, as these 7 fields must be completed for the document to save without validation errors:

**Navigation**

Main Menu > Post-Award > Subawards > +

To quickly start and save a Subaward, follow these steps:

1. Initiate a new document by following the navigation path here, as above:
   
   Main Menu > Post-Award > Subawards > +

2. Complete the minimum required fields for saving detailed in the preceding table.
3. Click the Save button.  

**Note** Once the document is saved, it will display on your Action List as a pending item with a COM symbol, prompting you to complete the document at your convenience.

The Subaward will remain on your Action List as a COM pending item until it is submitted.

Access the Subaward again by clicking on the corresponding Id hyperlink next to the COM item on your Action List.
**Updating the Subaward Tab**

If you have just initiated and saved a new Subaward, simply continue updates in the open Subaward tab.

Otherwise, initiate a new document by navigating as follows:

| Navigation | Main Menu > Post-Award > Subawards > + |

Alternatively, you may access an existing Subaward document through the Subawards Lookup. Streamlyne Research will display the document opened to the Subaward tab. If the Document Status is FINAL and you have the appropriate permissions, click the Edit button at the bottom of the page.

**Subaward Tab > Document Header**

Every document in Streamlyne Research has document header information displayed in the upper right corner of each page, under the Menu Bar.

| Requisi tioner ID: bioprofessor | Document ID:Status : 35981:SAVED |
| Requisitioner Unit: Biochemistry | Subaward ID : 41 |
| Subrecipient : Streamlyne Institution | Last Update : 2019-04-11 16:58:40.086 By admin |

These fields are read-only and include the following information for Subaward documents:

- **Requisitioner ID** indicates the user name of the person that requested issuance of the subaward.
- **Requisitioner Unit** indicates the department or unit of the person that requested issuance of the subaward.
- **Subrecipient** identifies the name of the organization receiving the subaward.
- **Document ID:Status** denotes the unique, system-generated document identifier and current status of the document relative to completion (i.e., SAVED or FINAL)
- **Subaward ID** is the unique, system-generated identifier assigned to the subaward.
- **Last Update** is a timestamp indicating the date, time, and user that made the most recent changes to the document.
Subaward Tab > Document Overview

Update the Document Overview section as outlined in the NEW USER MANUAL: Navigation, the Action List, and Common Document Elements. Note that Description, a short description of the purpose or function of the subaward document, is a required field.

Subaward Tab > Funding Source

The Funding Source section is used to internally link the Subaward to one or more Awards within Streamlyne Research. These Awards will provide the funds necessary to fully execute the Subaward. Associating a Subaward to an Award allows certain fields to automatically populate within the Subaward based on data present in the Award. Additionally, Subaward information is included in the associated Award – listing the Subaward as being funded by the Award.

1. Click on the header to expand the Funding Source section.

2. Directly enter an Award Number or click the magnifying glass to look up and select return value of the appropriate Award ID.

3. Click the Add button to identify this award as a Funding Source. Or click the Clear button and select an Award Number that you do wish to add.

4. Repeat Steps 2 through 3 until each Funding Source is identified.
Result  Once a Funding Source is added, the following informational fields about the associated Award will automatically populate the Subaward Funding Source section for convenient reference:

- **Sponsor Award ID** is the Sponsor’s identifying number for the Award.
- **Principal Investigator** is the name of the Principal Investigator identified in the personnel section of the Award.
- **Lead Unit** is the Lead Unit associated with the Award. Often this is the home unit of the PI.
- **Account ID** is the specific account number that identifies the Award in your institution’s financial system.
- **Award Status** is the current status of the Award document as defined by your institution.
- **Sponsor ID** is the system identifier associated with the Sponsor funding the Award.
- **Obligated Amount** is the amount of the Award obligated to date by the Sponsor.
- **Obligation End Date** is the obligation end date as set by the Sponsor.

Note  Additionally, after you’ve added Awards as Funding Sources, you may select **Open Award** to open the associated Award document in a separate browser tab or window. You may also select **Streams** to navigate to the Streams tab, which displays key information and provides links to all Proposals and Awards related to the Subaward in a customizable, hierarchical view. Finally, you may select Delete to remove a particular Award entirely as a Funding Source for the Subaward.

Subaward Tab > Subaward

The Subaward section is the primary place to record key information about the Subaward. Several fields are required and must be completed for the document to save without validation errors.
1. Click on the header to expand the Subaward section.

**Note** **Subaward ID** and **Version** will be generated by the system, once the Subaward document has been Saved.

2. To identify the **Subrecipient Principal Investigator**, click on the magnifying glass to look up and select return value of the appropriate Address Book ID.

   If the person is not listed, please see [Maintaining the Address Book](#) for instructions on how to add this external person to the Address Book.

3. To identify the **Subrecipient** organization receiving the Subaward, enter the Organization ID or click the magnifying glass to look up and select return value of the appropriate Organization ID. This is a required field.

   If the organization is not listed, please see [Maintaining the Organization Table](#) for instructions on how to add this organization.

4. Enter the date the Subaward will start in the **Start Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date.

5. Enter the date the Subaward will end in the **End Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date.

6. Click the arrow next to the **Subaward Type** field to select from the dropdown menu of options for the type of subaward as defined by your institution. This is a required field.
7. Enter the purchase order number associated with the subaward in the **Subaward No.** field. This is a required field. If a purchase order has not yet been assigned to the subaward, enter a temporary placeholder (e.g., “TBD”) until a purchase order has been assigned.

8. Enter a descriptive title for the subaward in the **Title** field.

9. Click the arrow next to the **Status** field to select from the dropdown menu to populate the status. This is a required field.

10. To identify the **Awarding Agency**, the Sponsor on the Award that is funding this subaward, click the magnifying glass to look up and select return value of the appropriate Sponsor ID. This is a required field. If a Funding Source was entered, as described in the previous section, the Awarding Agency will be pre-populated with the Sponsor retrieved from the Award.

11. Enter the financial account number associated with the subaward in the **Account ID** field.

**Note**  The use of the **Account ID** field will vary institution by institution. Streamlyne Research allows this field to be hand-keyed (as shown here), to be selected from a list of configured accounts, or to be integrated to your financial system. We will determine the method most appropriate for you during your implementation.

12. In the **Vendor ID** field, enter a value as defined by your institution that uniquely represents the vendor associated with this subaward.

13. Enter the purchasing requisition number associated with the subaward in the **Requisition ID** field.

14. Enter the username of the person requesting issuance of the subaward in the **Requisitioner User Name** field, or click the magnifying glass to look up and select return value of the appropriate Person ID. This is usually the Principal Investigator of the associated Award. This is a required field.

15. Identify the **Requisitioner Unit** by entering the unit number associated with the person requesting issuance of the subaward, or click the magnifying glass to look up and select return value of the appropriate Unit Number.
16. In the **Archive Location** field, enter the name of the folder, drive and/or directory (local or networked) where related Subaward documents and electronic files are stored.

17. Once the Subaward is closed, enter the official date in the **Closeout Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon ☰ to select the date.

18. Enter any additional descriptive information about the Subaward in the **Comments** field.

**Note** Once the Financial tab of the Subaward is completed, the following informational fields will automatically populate in this section as follows:

- **Obligated Amount** is the amount of money obligated for the subaward under the award. This does not include cost share.
- **Anticipated Amount** is the amount of money anticipated for the full project period of the subaward under the award. This includes the obligated amount plus any additional amount expected to complete the project.
- **Amount Released** is the amount of money released through the invoicing process.
- **Available Amount** is the amount of money that remains available in the current subaward pool of funds. It is a calculation of the obligated amount less any invoices paid or in process.

19. Click the arrow next to the **Cost Type** field to select from the dropdown menu of options that denote the basis of payment to the subrecipient as defined by the subaward agreement. Choices typically include cost reimbursement and fixed price.

20. Once the subaward agreement is fully executed, enter the official date in the **Execution Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon ☰ to select the date.

**Subaward Tab > Contacts**

While the Contacts subsection may be configured to identify any type of contact associated with the subaward, it is specifically designed to capture the pass-through entity (PTE) and subrecipient contact information to populate FDP subaward templates.
1. Click on the header to expand the **Contacts** section.

2. To add Contacts to the Subaward, click the radio button next to either the **Internal User Name** or **External Address Book ID** fields and then click the magnifying glass to search for and select return value of the associated Person ID or Address Book ID.

**Result** Once a Contact is identified, their associated **Office Phone** number and **Email** address will display for convenient reference.

3. Click the arrow next to the **Project Role** field to select an appropriate role from the dropdown menu.

   It is important to assign a person to each of the PTE and Subrecipient roles you intend to utilize in the completion of FDP Subaward Templates.

4. Click the **Add** button to identify each Contact.

5. Repeat Steps 2 through 5 until each Contact is identified.

**Subaward Tab > Closeout**

The Closeout section allows you to track requirements and materials essential to the Subaward closeout process. You may log each step in the process and specify dates when actions were completed or items were received. Additionally, you are able to add comments related to each closeout item.
1. Click on the header to expand the Closeout section.

2. Click the arrow next to the **Closeout Type** field to select from the dropdown menu of subaward closeout action items as defined by your institution.

3. Enter the date you requested a subaward closeout action item in the **Date Requested** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon ☀️ to select the date.

4. Enter the date you intend to follow up (or last followed up) on a subaward closeout action item in the **Date Followup** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon ☀️ to select the date.

5. Enter the date that a subaward closeout action item was received or completed in the **Date Received** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon ☀️ to select the date.

6. Click the **Add** button to log the subaward closeout item.

7. Repeat Steps 2 through 6 until all closeout items are logged.
Updating the Financial Tab

Financial > History of Changes

The History of Changes section is where the subcontract administrator will maintain the obligated and anticipated funding levels of the Subaward. Over the lifecycle of the Subaward, the administrator will update (make changes to) those amounts to create a History of Changes.

The top portion displays a current overall financial summary of the Subaward. These fields are read-only and include the following:

- **Obligated Amount** automatically updates based on entries in the Obligated Change New Period or Obligated Change Current Period fields. In the case of multiple line item values, this would be the sum.
- **Anticipated Amount** automatically updates based on entries into the Anticipated Change field. The sum of all Anticipated changes from the History of Changes.
- **Amount Released** is the summed total of changes, additions, and deletions of the Amount Released fields of Subaward invoices that have been created and submitted.
- **Available Amount** populates based on a calculation of the Obligated Amounts from the History of Changes entries less the sum of the Invoiced Amounts Released.
- **Modification ID** is modification number for the last entered value in the Modification ID field in the History of Changes subpanel.
- **Modification Effective Date** is the date in which the modified funded amount is to (or has already) become effective. The Modification Effective Date will be the last entered value in the Modification Effective Date field in the History of Changes subpanel.
• **Period of Performance Start Date** is the start date of the first entered value in the Period of Performance Start Date field in the History of Changes subpanel.

• **Period of Performance End Date** is the end date of the last entered value in the Period of Performance Start Date field in the History of Changes subpanel.

1. Click on the header to expand the History of Changes section.

2. Enter the date when the funded amount is effective in the **Effective Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date. This is a required field and populates the FDP Modification form.

3. Enter the unique number assigned to this particular modification in the **Modification ID** field.

4. Enter the date when the funded amount of this modification is effective in the **Modification Effective Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date. This field populates the FDP Modification form.

5. **If Carryforward, From Year No.** If applicable, enter the year/period number from which funds will be carried over.

6. Enter the start date of the year or budget period that applies to this entry of the History of Changes in the **Year / Period Start Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date. This field populates the FDP Modification form.

7. Enter the year number or budget period number that will distinguish this entry in the History of Changes in the **Year / Period Number** field.

8. Enter the start date of the entire project period in the **Period of Performance Start Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date.

9. Enter the end date of the entire project period in the **Period of Performance End Date** field by typing the date in MM/DD/YYYY format or by clicking the calendar icon to select the date.
10. **No Cost Extension.** Check this box if the action being performed in the History of Changes includes a No Cost Extension.

11. Enter any comments needed to describe this History of Changes transaction in the **Comments** field.

12. **File Name.** To attach an associated document that may relate to this History of Changes transaction, click the **Choose File** button to access your operating system’sChoose File or File Upload dialog box. Complete this action by following your operating system’s prompts.

Updating Template Info & Attachments

The Template Info & Attachments section is the place to enter the detailed information that will populate the appropriate FDP templates utilized to create a Subaward Agreement, Subcontract Agreement, or subsequent Amendments to distribute for signature between all parties involved. The process to create these documents is described in the Printing a Subaward Document section.

FDP Subaward Template

1. Click on the header to access the FDP Subaward Template > Cost Reimbursement and Fixed Price Facepage section.
