APPENDIX C

Teaching, Classroom, and Demostration

1. **Nature of Course. Describe the nature of the course for which the animals will be used. Please include a clear justification for using live animals in this course. What are the objectives of the course? Please include a course syllabus with your IACUC protocol.**

2. **Animals. Please list the species and number of animals to be used during the course. Please provide explanation regarding how often an animal can be used to demonstrate a procedure, skill, etc. Also discuss methods to be used when trapping or observing animals in the wild. What criteria will be used to determine animal fatigue or when an animal should be removed from the demostration procedure, returned to habitiat, etc?**

3. **Location. This does not include demonstration outside of course or moving the animals out of state.**

Will the animals be utilized or transported outside of their normal housing area?

☐ **Yes (describe below)**

☐ **No (skip to section 4)**

If yes, how will they be transported?

4. **Prolonged Restraint. Will the animals be restrained for longer than one hour for procedures relating to teaching or classroom activities?**

   ☐ **Yes (describe below)**

   ☐ **No**

   If yes describe the duration of the restraint. You may refer to an IACUC-approve SOP here if applicable.

5. **Veterinary Care.** Provide the following information concerning veterinary care to be provided for the animals:

   a. Name of the attending veterinarian (required for all protocols):

   b. Telephone number: E-mail:

6. **Euthanasia.** Describe method of euthanasia to be used. Even if euthanasia is not planned, provide the method to be used if it becomes necessary due to illness or injury. If the proposed method does not follow the guidelines of the American Veterinary Medical Association, include a justification for the alternate method.
