

# THE 100 IN OCTOBER CHALLENGE

\$250 Stipend per  
Faculty Involved

Up to \$1000 per Faculty in  
IDC Generated from Award

Active ARGIS Account  
Required

## ELIGIBILITY

Any individual who has an \*active ARGIS (Academic Research & Grants Information System) account except administrators such as Department Heads, Directors, (Assistant/Associate) Deans, (Assistant/Associate) Vice Presidents, etc.

*\*Any PI/co-PI who has previously submitted a proposal has an active ARGIS account; alternately, you may request PI/co-PI status via: [https://research.nmsu.edu/research\\_funding/Forms.html](https://research.nmsu.edu/research_funding/Forms.html)*

For further information, please see: [https://research.nmsu.edu/research\\_funding/ResourcesForInvestigators.html](https://research.nmsu.edu/research_funding/ResourcesForInvestigators.html) and <https://research.nmsu.edu/100inOctober.html>

## THE CHALLENGE

### THE OFFICE OF THE VICE PRESIDENT FOR RESEARCH

is keenly aware of the challenges faculty face at the start of the new academic year and especially this particular year. The OVPR stands ready to support proposal development and writing efforts. NMSU's monthly proposal submission record is 92 proposals. *Congratulations to all those who submitted proposals seeking funding for their research and creative activity!*

The OVPR is targeting submission of 100 proposals in October. To achieve this goal, OVPR is offering an incentive to submit a proposal: **\$250 stipend + up to \$1000 in Indirect Cost (IDC) generated from an award for each PI/co-PI on proposal**. Multiple individuals may collaborate and submit the proposal as PI or co-PI. Limit of 1 stipend per person deposited in an unrestricted account. Proposal budget should be in excess of \$5000 x [number of PI(s) + number of co-PI(s)].

## PLANNING

For planning, PI(s)/co-PI(s) are strongly encouraged to submit via email ([ras@nmsu.edu](mailto:ras@nmsu.edu)) notice of intent which should include RFP URL and proposer names before September 7. Proposal review by RAS Research Development staff ([hamid@nmsu.edu](mailto:hamid@nmsu.edu)) is also encouraged.

## SUBMISSION

All proposals must be submitted through RAS no later than three (3) working days before proposal deadline or before October 31, whichever is earlier. ARGIS proposal record must be submitted no later than November 30.
